# Wolverine Encore

With the STUdfinder™ Installation System

Above: Encore vinyl siding in Soft Almond and Vinyl Carpentry™ Decorative Trim in Savannah Wicker.

## Encore with the STUdfinder™ Installation System

The *patented*\* STUdfinder system is designed to make it easy for your contractor to install Encore siding accurately and securely. The indicator letters on the precisely spaced nail slots, engineered to align with standards of 16" and 24" on-center construction, help locate studs time after time.

### STUdfinder for Accuracy

- Nail slots align with 16" and 24" on-center standards for stud spacing
- Indicator letters help:
  - Determine location of studs
  - Ensure nails are positioned correctly
  - Ensure correct number of nails are used

### STUdfinder for Security and Performance

- Nailing to studs provides a strong and secure connection
- Protects against blow-offs from under-nailing
- Protects against buckling from over-nailing
- Helps avoid nailing into hazardous items between studs like plumbing, wiring and mechanical systems

STUdfinder, because beauty and performance start with a quality installation

\* The STUdfinder Installation System is covered by U.S. Patents 6,625,939, 6,679,011 and 6,715,240; other Pat. Pend.

## Encore – the popular, economical siding choice

If you're looking for vinyl siding that combines great looks and affordability, look no further than Encore. This high-quality panel is attractive, easy to maintain and surprisingly economical.

Encore coordinates with Vinyl Carpentry™ soffit, trim and accessories so you can achieve the look you desire. Panels are available in a wide range of colors with a low-gloss woodgrain finish. Encore is virtually maintenance-free and features a lifetime limited warranty. For quality and value in a great-looking vinyl siding, choose Encore.

### Color Options:

#### Siding and Trim:

|                |               |                 |
|----------------|---------------|-----------------|
| Colonial White | Soft Almond   | Savannah Wicker |
| Snow           | Herringbone   | Natural Clay    |
| Heritage Cream | Warm Sand     | Oxford Blue     |
| Pale Ivory     | Sterling Gray |                 |

Colors shown are as accurate as printing methods will permit. Please see product samples for actual shades.

**PermaColor™ System** — Color performance, impact resistance and durability are assured through our exclusive PermaColor System, a blend of our own Certavin™ resin, superior micro-ingredients and state-of-the-art pigment chemistry.

**Above:** A good demonstration of Ironmax Double 5" Soffit's beauty and versatility is this vertical and porch ceiling application. Panels in Herringbone uniformly butt behind a matching inside cornerpost.

## Finish the Job with Vinyl Carpentry™ Decorative Trim

### SuperCorners™

Extra-wide, extra-long (20-ft.) traditional, fluted and beaded corners have rigid foam backing. The patented beaded corner offers a colorful snap-in insert.

### Beaded Triple 2" Soffit Vertically

This soffit is ideal for use as a vertical siding or to provide vertical design elements such as wainscoting.

### Patented Corner Block and Rosette

This final finishing touch for wide window and door corners has historic precedence. These are available in a wide range of colors.
